

CALL FOR ENTRIES

VALENCIA STUDENT ARTISTS & DESIGNERS IN ANY DISCIPLINE CAN SUBMIT!

PROJECT OVERVIEW:

Valencia College and the Creative Village in Downtown Orlando are seeking concept designs for an outdoor public installation. The primary theme and objective is to create an interactive way to collect community input on education in the Paramore community. Funding will support the creation of a community art 'wall' or structure featuring the educational phrase,

"I want to learn..."

with open interactive space for the community to record responses. The installation serves three primary purposes:

- **information gathering to inform the Creative Villages' educational partners;**
- **to raise community awareness about development in the Creative Village;**
- **to begin to establish community connectedness.**

Student Prize:

The student (or group of students) whose concept is chosen for development will be awarded **\$500.00**

About The Creative Village:

The Creative Village is a 68-acre redevelopment project in downtown Orlando, anchored by transit, education and technology. Valencia College and the University of Central Florida are slated to jointly create a higher ed campus within the Village. In addition, the community will gain a K-8 school to anchor the community. <http://creativevillageorlando.com/>

About the Paramore Community:

The Paramore Heritage Community is a diverse area of residential neighborhoods, businesses and industry west of the Downtown Orlando core. Paramore is the historic home of Orlando's African-American community, and is on the cusp of a new surge of growth as a diverse and vibrant Downtown area. The Paramore Business District consists of two historic retail "Main Streets" – Paramore Avenue and West Church Street. These two streets intersect in the Paramore Town Center, which covers the traditional commercial and industrial heart of Paramore along the Church Street and Central Boulevard corridors. Paramore is home of City View apartments, HD Supply, the Florida A&M University School of Law and the Federal Courthouse.

Project Site:

The Creative Village will transform the former Amway Arena site into a 68-acre mixed-use site. (office, creative, educational, residential, commercial & hotel space). The site for the installation/wall should not exceed 8 feet tall, by 30 feet long long, but design is not limited to "wall" like structures. Please keep in mind that the structure and materials used should be conducive to elements of weather for at least 6 months, with the end goal of being converted into a semi-permanent installation.

[<please reference the official information package>](#)

Project Requirements:

- **Submission must be from current Valencia College students (of any discipline)**
- **Concept should be a low-tech solution.**
- **Theme of Education in the community**
- **Must include the phrase "I want to learn..."**
- **Must include a way to record and collect responses from the public audience in a way that is somewhat weatherproof. "Give a voice" to the community the Creative Village will impact.**
- **Installation will have to last for up to six months. To be translated to and converted to a semi-permanent (five years) installation.**

Key Dates:

Entry Deadline: Friday March 27th

Drop Off Location: East Campus 1-213, 5:30pm

Drop Off Location: West Campus 5-130, 12:30pm
